(954) 467-4784

**(BROWARD COUNTY, FL)** – Florida Department of Health in Broward County is recommending people not to swim at the beach near the following location:

**POMPANO BEACH PIER**

Samples of beach water collected at this area did not meet recommended state requirements. All other beaches in Broward County tested satisfactory.

Certain bacteria could create unhealthy beach water conditions and may cause swimming-related gastroenteritis.

New results after retesting will be available late Tuesday afternoon, January 9, 2018, and posted at <http://www.floridahealth.gov/environmental-health/beach-water-quality/index.html>.

This advisory is effective immediately and continues until further notice.

For more information, please visit <http://www.floridahealth.gov/environmental-health/beach-water-quality/index.html>.

**About the Florida Department of Health**

The department, nationally accredited by the [Public Health Accreditation Board](#), works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.
