2018 REVISED COMMUNITY HEALTH IMPROVEMENT PLAN WORKPLAN

Period covered: July, 2018 – September, 2018

The Health Care Access Committee reviewed and approved the Community Health Improvement Plan at its October 22, 2018 meeting and will provide oversight for its implementation. The Community Health Improvement Plan was made available for public review and comment on the DOH-Broward website. The finalized priority areas were categorized into four priority areas with identified sub-challenges in each.

1. Access to Health Care
 - a. Lack of insurance and enrollment
2. Infectious Disease
 - a. HIV/AIDS
 - b. Congenital Syphilis
 - c. Infectious Syphilis
3. Maternal and Child Health
 - a. Cervical Cancer Screening
 - b. Vaccination Coverage Levels for Children in Kindergarten
 - c. Vaccination Coverage Levels for 2 year old children
 - d. Infant Mortality Disparity
4. Enhance Preventive Care Activities
 - a. Obesity
 - b. Fruit and Vegetable Consumption

The Health Care Access Committee further agreed to review implementation of the Community Health Improvement Plan (CHIP) progress on a quarterly basis. The process to update and maintain the CHIP for January 2018, – December, 2018 period is as follows:

1. The responsible parties identified for each action step in the CHIP will update the CHIP action plan on a quarterly basis.
2. CHIP updates will be submitted to DOH-Broward staff and presented to the Health Care Access Committee utilizing the following schedule:
 - a. April (January 1 – March 31),
 - b. July (April 1 – June 30),
 - c. **October (July 1- September 30)**, and
 - d. January (October 1 – December 31).
3. Internal and external subject matter experts will review action steps and target dates and recommend revisions annually in August.
4. The revised action plan will be presented to the Health Care Access Committee annually in August.

Broward County Community Health Improvement Plan Progress Reporting Tool

	BARRIERS/ISSUES ENCOUNTERED	1)Issues with the Healthy Kids call center, 2) political atmosphere has put immigrant families in fear of seeking any governmental social services
	PLANS TO OVERCOME BARRIERS/ISSUES	Work with the Health Kids Corporation to identify call center staff that need additional training on the eligibility process. Continue to report issues to Healthy Kids Corporation
	UNANTICIPATED OUTCOMES (optional)	None identified
	OVERALL ACTIVITY DELIVERABLES	There were 179 applications submitted to HealthyKids for processing during the first quarter. Seven educational sessions were conducted. KidCare materials were distributed to 3,215 families through direct contact at events. KidCare marketing material was distributed to 110 child service agencies including daycare centers. Two Advisory Council meetings were held. KidCare representatives attended 19 events this quarter. KidCare information was distributed to 190 Public schools. This quarter KidCare staff handled 3,737 KidCare related phone calls. KidCare Outreach staff identified 711 technical issues for resolution that resulted in retention to the program. The KidCare Outreach Program held the 4th Annual "Spring into Health" health and resource fair at the Lauderhill Mall with an estimated attendance of 850 families.
Q2 (Apr-Jun)	Activity Progress and Comments	
	CONTRIBUTING PARTNERS	WellCare, Broward Health, Holy Cross, Memorial Healthcare System, Florida Department of Health Programs, Kids of Love, Feeding South Florida, Department of Children and Families, Broward Healthy Start Coalition, Broward County Schools, Henderson Behavioral Health, Childrens Diagnostic and Treatment Centers, Children Services Council, Legal Shield, Nova Southeastern, Hope Outreach, TOPA Program, Sunshine Health Plan, Early Steps Program, Urban League of Broward County, Latino Community Health, Colgate Van, New Life Fellowship, Early Learning of Sunrise, Career Source Broward, BJ's Wholesale Club, Healthy Kids Corporation, Barry University, City of Coconut Creek.
	PARTNER CONTRIBUTIONS	Career Source connected us with dislocated workers losing insurance, Feeding South Florida contributed a food distribution for the "Spring into Health" health fair attendees. Partners contributed space at their community outreach events.
	FACILITATING FACTORS OF SUCCESS	Partnership with Career Source, The DOH 954-INSURES Local Hotline, partnership with the WIC centers.
	BARRIERS/ISSUES ENCOUNTERED	Healthy Kids Call Center continues to be a barrier. Call center turnover causes staff to be ill informed on the process of KidCare eligibility. Many times DOH outreach staff will instruct call center staff what needs to be done to complete the enrollment process. Many times the client is told sent documents cannot be found because the call center staff is not looking at the correct screen. Another issue is that accounts transferred from Medicaid are not showing up on the Healthy Kids screen and the client is being instructed to reapply which takes 6 to 8 weeks longer for the child to be enrolled.
	PLANS TO OVERCOME BARRIERS/ISSUES	DOH KidCare staff report all instances to Jena Grignon at the Healthy Kids corporation. DOH KidCare Outreach staff work with the families until there is a final resolution to the issue.
	UNANTICIPATED OUTCOMES (optional)	1) The contract between the Department of Health, KidCare Outreach Program and the School Board of Broward County expires June 2018; the contract was renewed June 12th, 2018 and was extended for three (3) years to June 30, 2021; (2) Partnership was created with OIC to present KidCare information to needing families; (3) Two (2) career service positions opened up allowing temporary KidCare staff to become career service.
	OVERALL ACTIVITY DELIVERABLES	There were 281 applications submitted to HealthyKids Corporation for processing during the second quarter, resulting in enrollment of 400 children into one of the four KidCare components. Thirteen (13) educational sessions were conducted. KidCare material was distributed to 5,415 families through direct contact at events. KidCare marketing material was distributed to 84 child service agencies including daycare centers. Three (3) Advisory Council meetings were held this quarter. KidCare representatives attended 20 events this quarter. KidCare information was distributed to 12 Public schools. This quarter KidCare staff handled 4,488 KidCare related phone calls. KidCare Outreach staff identified 828 technical issues for resolution that resulted in retention to the program.

	PARTNER CONTRIBUTIONS	Lauderhill Mall donated space for the BTS immunizations Health Fair, Career Source connected us with dislocated workers losing insurance, Feeding South Florida contributed a food distribution for the "BTS Immunizations Health Fair" attendees. Broward Health invited KidCare to conduct enrollment at their immunizations events, Broward Charter schools and Charter Schools of Excellence allowed KidCare to educate the Principles of the KidCare Program and distribute information to the schools, Broward County Public Schools and the Pony for the school system assisted with the distribution of 325,000 KidCare palm cards that were distributed to each student, Walmart and Colgate dental van worked with KidCare Outreach to promote and enroll children at Walmart locations while promoting the KidCare dental program, Amerigroup invited KidCare staff to a "Listening event" to get feedback on services they need to keep their children healthy. All other partners either contributed space at their community outreach events or invited KidCare to present information to their groups.

Broward County Community Health Improvement Plan Progress Reporting Tool

FACILITATING FACTORS OF SUCCESS	The most successful facilitating factors this quarter was the Back to School events, Immunizations POD at the Lauderhill Mall and the KidCare Outreach Staff connection with families through the DOH WIC Centers.
BARRIERS/ISSUES ENCOUNTERED	Political decisions and the fear of the anticipated change in the defination of "Public Charge" continue to effect immigrant families from enrolling their children. In additon, the Helathy Kids Customer Service Line ferquently has issues and is out of order. A long time(6 years) KidCAre Staff Assistant resigned her position taking the experiance and knowledge of this very complicated program with her.
PLANS TO OVERCOME BARRIERS/ISSUES	Unfortunately, these barriers are out of our control. We continue to stay updated on issues and report customer service line issues to Healthy Kids Corporation
UNANTICIPATED OUTCOMES (optional)	None found during this quarter.
OVERALL ACTIVITY DELIVERABLES	There were 352 applications submitted to HealthyKids Corporation for processing during the third quarter, resulting in enrollment of 623 children into one of the four KidCare components. Seventeen (17) educational sessions were conducted. KidCare material wereavailable for distribution to 18,266 families through direct contact at events. KidCare marketing material was distributed to 150 child service agencies including daycare centers. Two (2) Advisory Council meetings were held this quarter. KidCAre representatives attended 43 events this quarter. KidCare staff packaged and distributed 275,340 informational palm cards to 330 Public schools, charter schools. This quarter KidCare staff handled 3359 KidCare related phone calls from families and 116 calls requesting KidCare eligibility information for Chld servicing agencies. KidCAre Outreah staff identified 927 technical issues for resolution that resulted in childs retention to the program. KidCare Outreach staff conducted 493 follow up calls to parents submitting an application to check status of enrollment or assist with supporting documentation. Although paper applications are rarely used, KidCare Outreach staff distributed 1,417 paper applications to families and community partners.

	BARRIERS/ISSUES ENCOUNTERED	Due to detailing efforts being conducted primary by two staff, there is limited work capacity to meet target physician detailing visits per quarter. In addition, this quarter all non-essential meetings and appointments were cancelled in order to focus all efforts on the completion of ICS Action Plan items for the PrEP Clinic.				
	PLANS TO OVERCOME BARRIERS/ISSUES	4 Additional staff members are tasked to complete physician detailing activities in which the target for physician recruitment will be increased to 48 per month. Metrics will also be revised to align with programmatic changes. In addition, the PrEP Staff has been split into groups that will tackle the different aspects of the PrEP Program. They will complete detailing, outreach, and navigation activities in order to support all efforts of the program.				
	UNANTICIPATED OUTCOMES (optional)	N/A				
	OVERALL ACTIVITY DELIVERABLES	13 PrEP educational sessions were held in total. Public health detailing field activities to enhance provider knowledge on PrEP continue with 18 Physicians that were visited and participated in an educational FAQ session in conjunction with toolkits disseminated to clinical staff and providers. 5 physicians have agreed to begin providing PrEP services and will be reported on the Broward County's PrEP referral directory. PrEP/nPEP Navigation as of April 1st, 2018-June 30th, 2018: Total referred to PrEP Program- 250. Total number received PrEP medication-97.

	FACILITATING FACTORS OF SUCCESS	WIC staff are visiting businesses, childcare centers, and physician offices throughout Broward County to provide Breastfeeding resource guides and toolkits for Businesses and Daycares.
	BARRIERS/ISSUES ENCOUNTERED	Time to get organizations to commit. Holiday schedule and decision makers out of the office, slowing turnaround time. Non-response to telephone and/or email solicitation by organizations, face-to-face visits are necessary adding to time component needed. Normal duties/obligations by staff, lack of personnel specifically responsible for project. Normal duties and deadlines arise.
	PLANS TO OVERCOME BARRIERS/ISSUES	Local Breastfeeding Coalition members were asked to assist with recruiting businesses. The possibility of using volunteers and/or students to assist with project are being examined.
	UNANTICIPATED OUTCOMES (optional)	Lack of availability of top decision makers. Several meetings and multiple visits required to work through hierarchy and get organizations on board. Some organizations have headquarters outside of Florida further delaying commitment.
	OVERALL ACTIVITY DELIVERABLES	Distributed Resource Guides. From Jan through Mar 2018, 50 childcare centers and 40 businesses have applied for breastfeeding friendly and in support of Business case for Breastfeeding status.
