# Prevent Overdose Deaths Carry Naloxone

### What is Naloxone?

A medicine that rapidly reverses an opioid overdose by attaching to opioid receptors, and reversing and blocking the effects of the drug.

### How can you help?

If you know someone in need, carry Naloxone and learn to administer the medicine safely.

Locate Naloxone providers in your area and additional resources for community support.

Naloxone is available to people who use drugs, people with a history of drug use, others at risk of experiencing an overdose, friends, family members, and others who may witness an overdose.

**Naloxone kits can be obtained at the following DOH-Broward locations:**

**Florida**  
**HEALTH**  
Broward County

**Fort Lauderdale Health  
Center Pharmacy**  
2421 SW 6th Ave.
